Dear Director Buschatzke and Docket Supervisor Scantlebury

Re: Purchase and Sale Agreement for CAWCD to Acquire Water Rights and Land in Mohave Valley Irrigation and Drainage District, Mohave County, Arizona

I write to advise you that I am opposed to the proposed Central Arizona Water Conservation District (CAWCD) land and water purchase to move Colorado River water, prudently set aside for rural Arizona Colorado River mainstream users, to central Arizona for replenishment.

Mohave County is growing, and will need the water, more than Central AZ. There is a new Wal-Mart in Fort Mohave, and many residential developments with streets & utilities ready to build homes in that area. I do not support and will oppose by all means a three-county conservation district using its superior taxing power to provide \$34 million in funds to buy and divert water from a rural Arizona county. Mohave County has no elected representation on the Central Arizona Water Conservation District Board, and it appears three urban counties with a larger tax base are set to divert waters from rural counties.

Sincerely,
